# Molly's Musical Adventure Review Sheet

Write down your answers to the following questions.

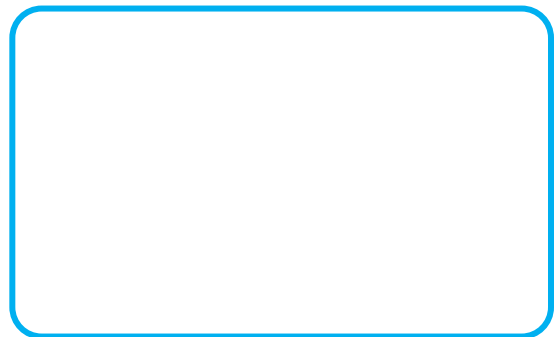

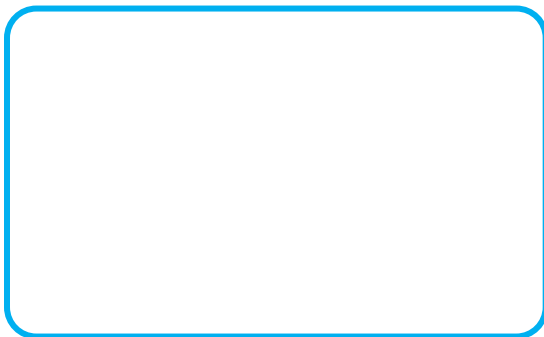

What did Bob the stage manager lose before the show started?

Draw one character you met in the show in each of the boxes below. Write the problem that character had to solve beside them.

Drawing of character 1.

The problem they need to solve.

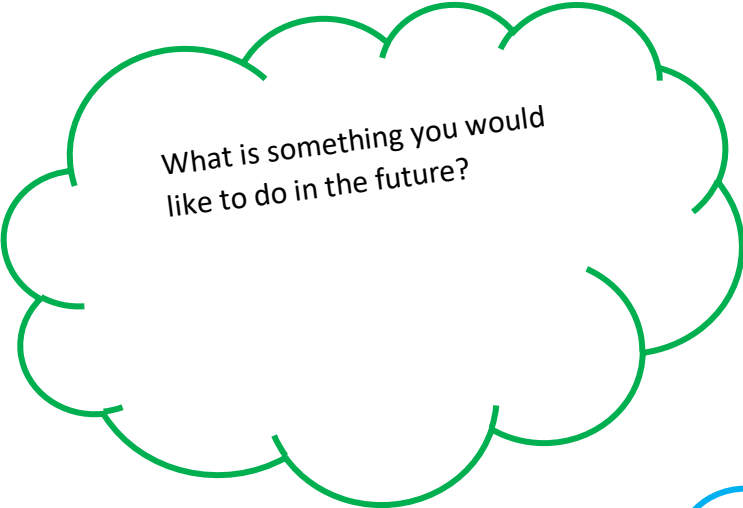

Drawing of character 2.

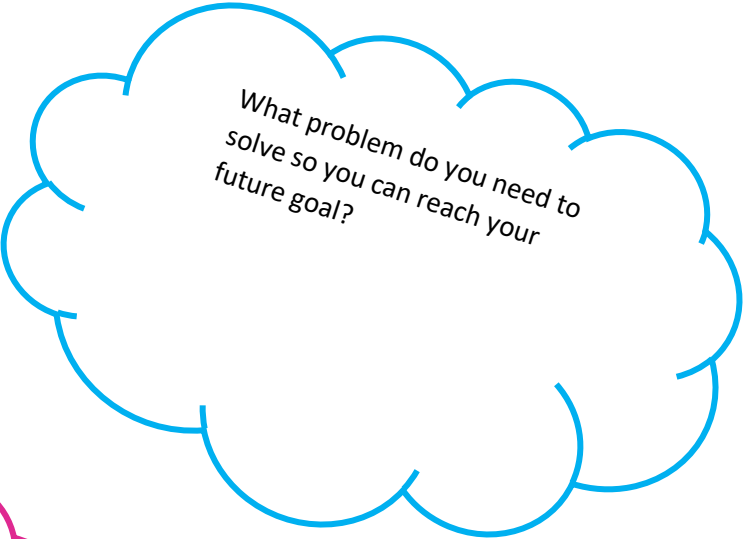

The problem they need to solve.

Pick one of the characters you drew above. Write down the advice *you* would give them to help them solve their problem in the box below.

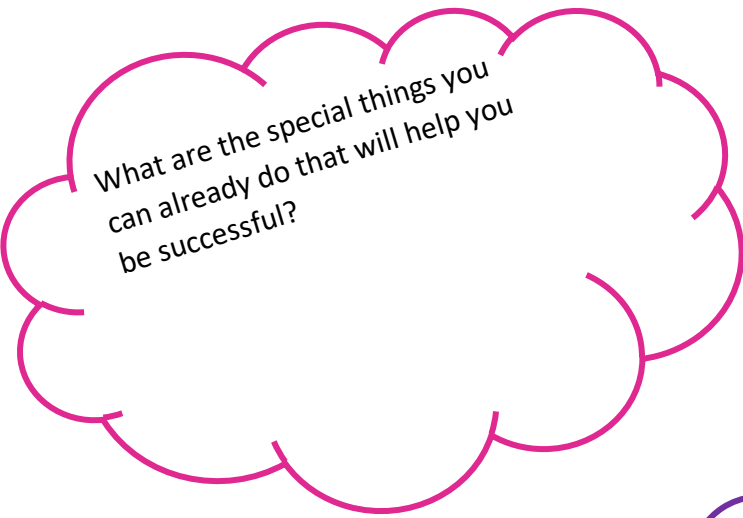

A green-outlined cloud shape with a scalloped border.

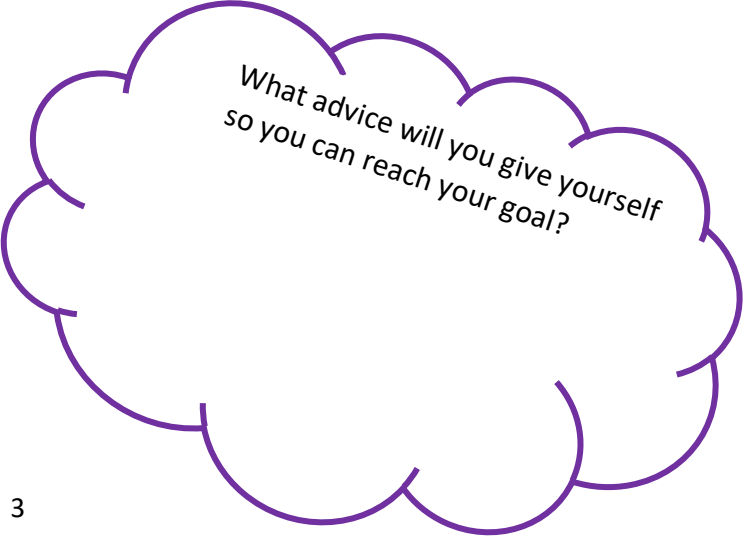

What is something you would like to do in the future?

A blue-outlined cloud shape with a scalloped border.

What problem do you need to solve so you can reach your future goal?

A pink-outlined cloud shape with a scalloped border.

What are the special things you can already do that will help you be successful?

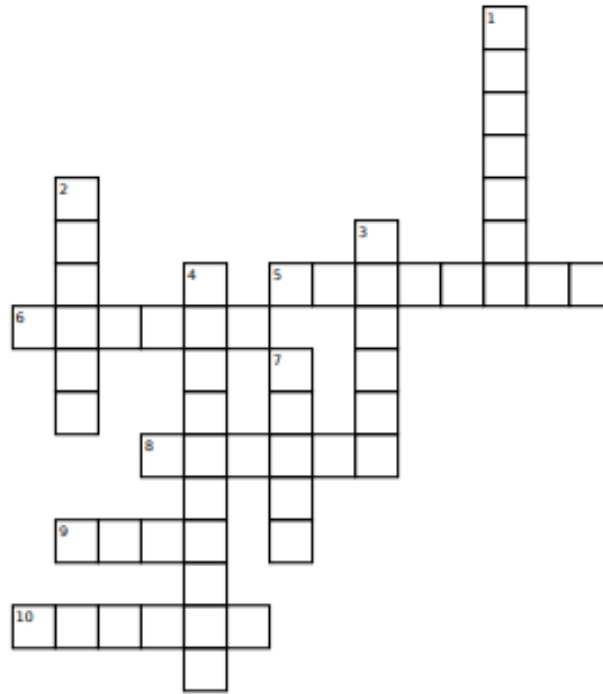

A purple-outlined cloud shape with a scalloped border.

What advice will you give yourself so you can reach your goal?

Draw a picture of yourself doing what you want to do in the future.

# Molly's Musical Adventure Crossword Puzzle

## Down:

1. One of the vehicles Molly rides in the show.  
(Hint - it has two wheels.)
2. What Molly needs to find.
3. Something that Molly rides through that gets the audience wet.
4. What Molly calls her DJ.
7. This is the wizard's real name.

## Across:

5. Who you should always be.
6. What Bob opened on the bus when he lost the script pages.
8. What Molly needs to get back to the theatre to perform.
9. What Molly does when she is solving a problem.
10. He helps Molly get back to the show on time.

# Make Your Own Adventure

Molly had a great adventure while searching for her script. Now it's your turn to create an adventure for yourself! Write a story about an adventure you take and be prepared to share it with your family or your classmates. Answer these questions and then use your answers to write your story.

|                                                                                                                                                                       |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Where does the adventure happen? (Here are some ideas – outer space, the Old West, under the sea, on a mountain. Let your imagination take you somewhere unexpected.) |
|                                                                                                                                                                       |
|                                                                                                                                                                       |
| Why are you on this adventure? Did you lose something (like Molly) or did your family get lost? Are you on vacation or maybe even just dreaming?                      |
|                                                                                                                                                                       |
|                                                                                                                                                                       |
| Why are you on this adventure? Did you lose something (like Molly) or did your family get lost? Are you on vacation or maybe even just dreaming?                      |
|                                                                                                                                                                       |
|                                                                                                                                                                       |
|                                                                                                                                                                       |
| What problem do they need to solve so they can reach their goal?                                                                                                      |
|                                                                                                                                                                       |
|                                                                                                                                                                       |
|                                                                                                                                                                       |
| How do you help them solve their problem?                                                                                                                             |
|                                                                                                                                                                       |
|                                                                                                                                                                       |
|                                                                                                                                                                       |
